## THE TASK

You are going to be exploring, in detail, a TV character of your choice. Think about the TV shows that you watch.

Which are your favourites?

Think about 7 characters that you would like to explore. Write these in the space below:

Character Name	What interests you about this character?

You now need to pick ONE of the characters you have listed. This is going to be the character that you will have to watch and explore in detail.

**My chosen character** = \_\_\_\_\_

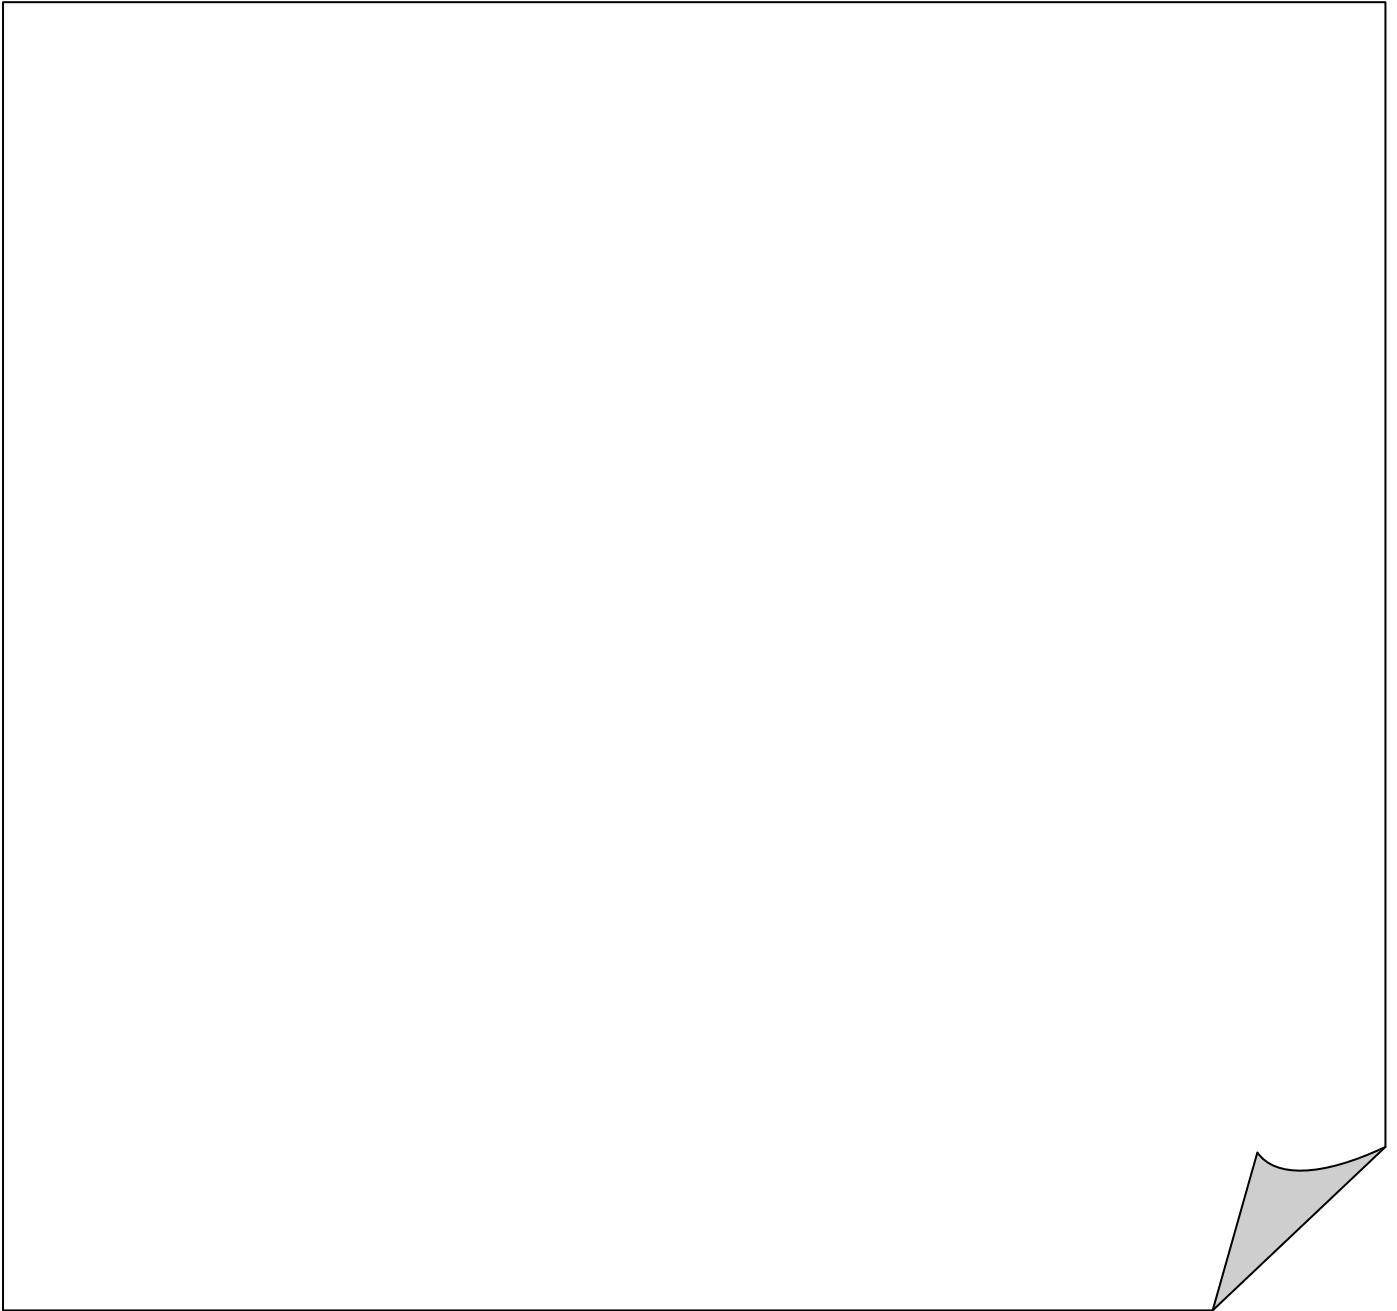

You now need to watch your character in action!

As you do this, think about all of the different elements that make up this character.

You are going to become an expert! You have a mind map full of questions that you must attempt to answer on your character. Add as much detail as you can. You are now going to create YOUR OWN fictional character. You are going to need to consider all the different aspects that make up your creation.

# Creating YOUR OWN Character

Use this space to jot down some of your own character ideas.

On the following Mind Map, you must now answer all the questions about your own character. Make sure that your answers are detailed.
