## Using Google apps

## Remember:

- Visit the school website to find your class codes.
- You may be able to comment on posts made by your class teacher and assignments so...  
Ask for help in the "make a comment" section if you need any support.
- Be sensible when posting comments - saying it in Google Classroom is just like saying it in class!
- We are all learning together so be patient and let's try to embrace this experience!
