News

A Level & GCSE Results Days

Information has been sent home to all Year 11, 12 & 13 students outlining the arrangements for A Level & GCSE results days. Copies of the letters are also available within the Sixth Form section of the website. For further information, please speak to Mrs Danher at school or email sixthform@mosslands.wirral.sch.uk

Year 10 Gambling Awareness Workshops

On Monday, Year 10 will take part in an assembly and workshops to raise awareness of the issues surrounding gambling and young people. All Year 10 will be in the hall for first lesson and then each form

group at a time will take part in a workshop during lessons 2-6. Three Year 10 forms will have their workshops on Wednesday 13th June.

Free Tuition

All parents with sons in years 7-10 will have received a letter this week regarding the possibility of free small group tuition sessions over the summer holidays. Please note that these sessions are purely voluntary. If anything is unclear or you need more information, please ask your son to speak to Mr Baas in A13.

Duke of Edinburgh's Bronze Award Expedition

This takes place on Friday and Saturday next week. Boys need to ensure they have returned their medical consent form to Mr Jones prior to the expedition. All monies should also have been paid.

Upcoming STE@M Events

On Monday, a group of Year 9 will take part in an event in school looking at artificial intelligence.

On Wednesday, 50 Year 9/10 students are attending the UK Imaging and Oncology Congress at Liverpool's Echo Arena, which comprises a key speaker presentation, careers guidance and a taster interactive session and hands on exhibition where they will have the opportunity to learn about the basics of radiological and imaging science and medicine.

On Thursday, Year 9 students are visiting HUSCO, a privately owned company specialising in hydraulic and electro-mechanical control systems. They have over 70 years of experience designing and manufacturing components for automotive and off-highway equipment and we will be given a guided tour of the facility followed by a visit to the Catalyst Museum.

National Manufacturing Day will help show the reality of modern manufacturing careers, looking to engage with students, parents, teachers, community leaders and local residents and also highlight the benefits that manufacturing provides to the community and the country as a whole.

Year 6 Induction Day

Our new starters will be in school with us all day on Wednesday. Students should be on the junior yard from 8.30am. The day will finish at 2.50pm. We look forward to welcoming them to our school.

Bicycles

Sadly, we have recently had a number of complaints regarding students riding their bikes on the pavements around school. Whilst we appreciate the danger of the roads, the complaints centre around the disregard these students have for the pedestrians and their young children walking on the pavement. We would ask parents to remind boys that riding at speed on the pavement and rudeness when asked to slow down are not acceptable.

Year 10 Geography Fieldwork

Year 10 will be out on fieldwork again this coming week. Miss Jones and Miss Stewart's groups are out on Tuesday with Mr Davies and Mrs Lightwing's groups out on Thursday. Boys will need to bring a packed lunch. Students entitled to free school meals will receive a grab bag.

Charity Ice Cream Sale

This will take place during break time on Tuesday. Ice creams will cost £1 and all money raised will go to Clatterbridge Cancer Centre.

Birkenhead Priory

This week has seen another three groups of Year 7 forms visit Birkenhead Priory. Next week it is the turn of 7G1, who go on Friday.

Attached Fliers

Please see the attached fliers for summer activities aimed at pupils who are in receipt of free school meals and an appeal for pupils to come forward if they are interested in having a voice within the Liverpool City Region.

Year 8 Intervention Group

This term, the group have been looking at a range of different outdoor activities focusing on the skills, techniques and safety aspects needed to be able to participate in them. This culminated in a kayaking session at Liverpool Water Sports Centre. The boys thoroughly enjoyed the session and it has been a delight for Mr Everall to see how their confidence has grown as the weeks have progressed.

Medication In School

If you have any questions or concerns regarding medication in school, please contact the SEND Department.

Art Department

You can follow us on Instagram at art_mosslands to see some fabulous examples of the work produced by our students.

Fundraising for Mosslands

Don't forget to order your online shopping through "Easyfundraising.com" to help raise money for school.

Wallasey Food Fair

Sunday 3rd July 10am – 2pm in the school hall.
