

Your task is to plan your family holiday to Turkey. You have £2000 to spend but you cannot spend a penny more

You will need to consider the following:

Book separately or a package?

Villa or hotel? Budget flights?

All inclusive or eating out/self catering?

Extra legroom? / Meal on plane?

How will you get to the airport? Parking charges? Petrol? Taxi?

Spending money to be exchanged

Gifts, Duty free perfume, Jewellery?

How long will you go for?

Decide what matters most to your family

Extension

Consider the timing of the purchase of your foreign currency. Is it better to leave your spending money in the bank to gain interest or to exchange it early and benefit from a favourable exchange rate? You will need to look at the trends in the changes in the Euro exchange rate and the savings account interest rate your high street bank offers.
