	6 th Form Drama Trip Unity Theatre 7.30pm
Friday 18 th November	Year 11 Food Tech Mock Exams
	Year 8 Slavery Museum Trip 8X2

News

Christmas Hampers

Last year, we handed out over 100 hampers to the local community. We had great feedback and even ended up in the Wirral Globe. This year we are going bigger and better, but we need your help to achieve this goal. We are looking for donations of:

- mince pies
- chocolate
- biscuits
- crackers
- yule logs
- tea and coffee

We will also be running a non-uniform day in the run up to Christmas whereby students can come in in their own clothes in return for a hamper item. A date

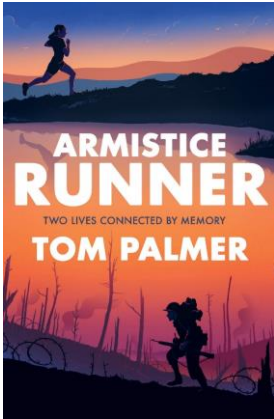

for this is yet to be confirmed and will be in the coming weeks.

Faraday House 7 in 7 Challenge

Faraday House are very proud of the work they have done supporting our local charities. This year, they are taking inspiration from former rugby international, Kevin Sinfield, who is running 7 ultra-marathons over 7 days in November. His aim is to raise £777,777 inspired by Rob Burrow and his playing number 7. He continues his campaign to raise money and awareness to help people affected by motor neurone disease.

To support this charity and Wallasey Rotary Club, we are asking all staff and students in Faraday House to challenge themselves for 7 days and to raise or donate a minimum of £7. The challenges can be anything from running / cycling / walking a certain distance every day to doing a household chore every day or doing some additional schoolwork (reading a chapter of a book, an hour of revision, extra artwork, etc.). The start date for our challenge will be Saturday 12th November and the challenge will be completed on the 7th day, Friday 18th November. We wish everyone good luck with their challenges over the 7 days.

Library

Our Book of the Week comes from Tom Palmer and is *Armistice Runner*. This is an emotive book that follows a serious, dedicated young girl who is keen to be the very best at her sport, and parallels it with a soldier's experience of war. Lily loves fell running. She's good, but never quite good enough: she gets anxious and loses her focus and then that's it. Out. Plus, she's worried about her grandmother, who has Alzheimer's and is growing distant and confused. However, whilst staying with her grandparents just before her first big race of the season, Lily discovers her great-grandfather was a runner too. Not only was he a fell running champion, but he was also a message runner during WW1. Lily reads his diaries and through them discovers a hidden family history, which helps her connect with her grandmother. Can the diaries give her the inspiration she needs to win the upcoming race? This is a powerful book that is accessible for our dyslexic readers and is in the library now.

Digital Manufacturing Week - Smart Factory Expo

This event is the UK's leading showcase of all the new and developing technologies changing the landscape of manufacturing and includes a dedicated STE@M afternoon – supporting the manufacturers of the future not to mention a company called Enginuity,

which has harnessed Minecraft's popularity to bring engineering to life in a fun and innovative way. At Smart Factory Expo, secondary students will experience the unique Skills Miner games and lessons, merging the fun of gaming with the skills of engineering.

Voice Evening

Come along and join us online to have your say on LGBTQIA+ issues including hate crime.

We will be discussing how we can make Wirral a safer place. Friday 18th November 6-9pm for 11-19 years

Please fill in this form if you are interested in attending and a link will be sent to you:
