	6 th Form Timetable Suspended (Not Engineering Students)

News

Year 13 Online Parents' Evening Tuesday 10th January

Bookings will go live for this event from 4pm tonight.

Year 11 Mock GCSE Results Day - Friday 13th January

On Friday 13th January, students in Year 11 will have an appointment with a member of house staff to discuss their mock GCSE results and future plans. On this day, students in Year 11 should attend only for their allocated appointment in the 6th Form Centre. School uniform is not required on this day. There will also be representatives from apprenticeship provider Asset Training. Members of staff from the 6th Form will also be present. Parents are welcome to attend with their sons. A letter outlining how to book an appointment will be coming home in due course.

6th Form Open Evening - Tuesday 24th January

Parents and students in Year 11 are invited to attend our annual open evening to discuss post 16 options on Tuesday 24th January. Students will have chance to speak with subject teachers from the courses we offer. There will also be representatives from apprenticeship provider Asset Training, Career Connect, The Protective Services Academy and The

Engineering College. Doors open at 5.30pm. Further information to follow.

6th Form Timetable Suspension - Friday 13th January.

With the exception of pupils who have an exam or those who attend The Engineering College, 6th Form students are to work from home on Friday 13th January, while Year 11 Mock GCSE Results Day takes place. Work will be provided in advance or will be set on Google Classroom. Please contact Mrs Danher at sixthform@mosslands.wirral.sch.uk if you have any questions.

Year 10 Duke of Edinburgh's Bronze Award

Please ensure you have paid your deposit and returned the enrolment forms to Mr Jones if your son would like to take part this year. Mr Jones will be registering students in the next few weeks.

STEM

2023 starts with STEM workshops for all Year 7 on Monday. The workshops will explore sustainable energy sources to help students uncover engineering skills they may not know they have. The interactive workshop, which lasts for two hours, will challenge students to design a solution to power a mobile phone using only the contents of a backpack.

Library

This term, we are celebrating the words of poet, author and musician Benjamin Zephaniah. Benjamin's message is one of unity, peace and expression through creativity and this is highlighted in his books for young adults that include *Windrush Child*; the story of Leonard who at 10 years old travels from Jamaica to England, *Gangsta Rap*; which follows Ray's journey as he toes the line between life as a musician and gang warfare, *Refugee Boy*; the story of Alem, who travels to England to escape the dangers of his own country and *Teacher's Dead*; a detective novel that finds Jackson in the middle of a murder case. All of these fantastic titles are available to borrow in the library today!
